## 1. Introduction

- 1.1 The **Caribbean Community Climate Change Centre**, will select a consulting firm/organization (the Consultant) from those who respond to publication for the submission of proposals, in accordance with the method of selection specified in the Data Sheet.
- 1.2 Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the Data Sheet, for consulting services required for the assignment “**Capacity Building of National Designated Authority and Support for the Accreditation of the Social Investment Fund**”. The Proposal will be the basis for contract negotiations and ultimately for a signed Contract with the selected Consultant.
- 1.3 Consultants should familiarize themselves with local and regional conditions and take them into account in preparing their Proposals. To obtain first-hand information on the assignment and local and regional conditions, Consultants are encouraged to visit the Centre before submitting a proposal and to attend a pre-proposal conference if one is specified in the Data Sheet. Attending the pre-proposal conference is optional. Consultants should contact the Centre’s representative named in the Data Sheet to arrange for their visit or to obtain additional information on the pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.
- 1.4 The Centre will provide, on a timely basis, at no cost to the Consultants the inputs and facilities specified in the Data Sheet, assist the firm in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.
- 1.5 Consultants shall bear all costs associated with the preparation and submission of their proposals and contract negotiation. The

Centre is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultants.

**Conflict of Interest**

1.6 The Centre's policy requires that Consultants provide professional, objective, and impartial advice and at all times hold the Centre's interests paramount, strictly avoid conflicts with other assignments or their own corporate interests and act without any consideration for future work.

1.6.1 Without limitation on the generality of the foregoing, Consultants, and any of their affiliates, shall be considered to have a conflict of interest and shall not be recruited, under any of the circumstances set forth below:

**Conflicting activities**

(i) A firm that has been engaged by the Centre to provide goods, works or services other than consulting services for a project, and any of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, and any of its affiliates, shall be disqualified from subsequently providing goods or works or services other than consulting services resulting from or directly related to the firm's consulting services for such preparation or implementation. For the purpose of this paragraph, services other than consulting services are defined as those leading to a measurable physical output, for example surveys, exploratory drilling, aerial photography, and satellite imagery.

**Conflicting assignments**

(ii) A Consultant (including its Personnel and Sub-Consultants) or any of its affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant to be executed for the same or for another Centre. For example, a Consultant hired to prepare engineering design for an infrastructure project shall not be engaged to prepare an independent environmental assessment for the same project, and a

Consultant assisting a Centre in the privatization of public assets shall not purchase, nor advise purchasers of, such assets. Similarly, a Consultant hired to prepare Terms of Reference for an assignment should not be hired for the assignment in question.

**Conflicting relationships**

- (iii) A Consultant (including its Personnel and Sub-Consultants) that has a business or family relationship with a member of the Centre's staff who is directly or indirectly involved in any part of (i) the preparation of the Terms of Reference of the assignment, (ii) the selection process for such assignment, or (iii) supervision of the Contract, may not be awarded a Contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the Centre throughout the selection process and the execution of the Contract.

1.6.2 Consultants have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of their Centre, or that may reasonably be perceived as having this effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.

1.6.3 No agency or current employees of the Centre shall work as Consultants under their own ministries, departments or agencies. Recruiting former government employees of the Centre to work for their former ministries, departments or agencies is acceptable provided no conflict of interest exists. When the Consultant nominates any government employee as Personnel in their technical proposal, such Personnel must have written certification from their government or employer confirming that they are on leave without pay from their official position and allowed to work full-time outside of their previous official position. Such certification shall be provided to the Centre by the Consultant as part of his technical proposal.

**Unfair Advantage**

1.6.4 If a shortlisted Consultant could derive a competitive advantage from having provided consulting services related to the assignment in question, the Centre shall make available to all shortlisted Consultants together with this RFP all information that would in that respect

give such Consultant any competitive advantage over competing Consultants.

**Fraud and  
Corruption**

1.7 The Centre requires that all Consultants adhere to the highest ethical standards, both during the selection process and throughout the execution of a contract. In pursuance of this policy, the Centre:

- (a) defines, for the purpose of this paragraph, the terms set forth below as follows:
  - (i) “corrupt practice” means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the action of a public official in the selection process or in contract execution;
  - (ii) “fraudulent practice” means a misrepresentation or omission of facts in order to influence a selection process or the execution of a contract;
  - (iii) “collusive practices” means a scheme or arrangement between two or more consultants with or without the knowledge of the Centre, designed to establish prices at artificial, noncompetitive levels;
  - (iv) “coercive practices” means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in a procurement process, or affect the execution of a contract.
- (b) will reject a proposal for award if it determines that the Consultant recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for the contract in question;
- (c) will cancel the contract if it determines at any time that representatives of the Centre and/or the engaged in corrupt, fraudulent, collusive or coercive practices during the selection process or the execution of the contract.
- (d) will sanction a Consultant, including declaring the Consultant ineligible, either indefinitely or for a stated

period of time, to be awarded a contract by the Centre if at any time determines that the Consultant has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for, or in executing the contract; and

- 1.8 Consultants, their Sub-Consultants, and their associates shall not be under a declaration of ineligibility for corrupt and fraudulent practices in accordance with the above para. 1.7. Furthermore, the Consultants shall be aware of the provisions on fraud and corruption stated in the specific clauses in the General Conditions of Contract.
- 1.9 Consultants shall furnish information on commissions and gratuities, if any, paid or to be paid to agents relating to this proposal and during execution of the assignment if the Consultant is awarded the Contract, as requested in the Financial Proposal submission form (Section 4).
- Origin of Goods and Consulting Services** 1.10 Goods supplied and Consulting Services provided under the Contract may originate from any country except if:
- (i) as a matter of law or official regulation, the Centre's country prohibits commercial relations with that country; or
  - (ii) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Centre's Country prohibits any imports of goods from that country or any payments to persons or entities in that country.
- Only one Proposal** 1.11 Shortlisted Consultants may only submit one proposal. If a Consultant submits or participates in more than one proposal, such proposals shall be disqualified. However, this does not limit the participation of the same Sub-Consultant, including individual experts, to more than one proposal.
- Proposal Validity** 1.12 The Data Sheet indicates how long Consultants' Proposals must remain valid after the submission date. During this period, Consultants shall maintain the availability of Professional staff nominated in the Proposal. The Centre will make its best effort to complete negotiations within this period. Should the need arise, however, the Centre may request Consultants to extend the validity period of their proposals. Consultants who agree to such extension shall confirm that they maintain the availability

of the Professional staff nominated in the Proposal, or in their confirmation of extension of validity of the Proposal, Consultants could submit new staff in replacement, who would be considered in the final evaluation for contract award. Consultants who do not agree have the right to refuse to extend the validity of their Proposals.

- |  |      |   |
|--|------|---|
| <b>Eligibility of Sub-Consultants</b>                  | 1.13 | In case a shortlisted Consultant intends to associate with Consultants who have not been shortlisted and/or individual expert(s), such other Consultants and/or individual expert(s) shall be subject to the eligibility criteria set forth in the Guidelines.  |
| <b>2. Clarification and Amendment of RFP Documents</b> | 2.1  | Consultants may request a clarification of any of the RFP documents up to the number of days indicated in the Data Sheet before the proposal submission date. Any request for clarification must be sent in writing, or by standard electronic means to the Centre's address indicated in the Data Sheet. The Centre will respond in writing, or by standard electronic means and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all Consultants. Should the Centre deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure under para. 2.2. |
|  | 2.2  | At any time before the submission of Proposals, the Centre may amend the RFP by issuing an addendum in writing or by standard electronic means. The addendum shall be sent to all Consultants and will be binding on them. Consultants shall acknowledge receipt of all amendments. To give Consultants reasonable time in which to take an amendment into account in their Proposals the Centre may, if the amendment is substantial, extend the deadline for the submission of Proposals.   |
| <b>3. Preparation of Proposals</b>                     | 3.1  | The Proposal (see para. 1.2), as well as all related correspondence exchanged by the Consultants and the Centre, shall be written in the language (s) specified in the Data Sheet.  |
|  | 3.2  | In preparing their Proposal, Consultants are expected to examine in detail the documents comprising the RFP. Material deficiencies in providing the information requested may result in rejection of a Proposal.  |
|  | 3.3  | While preparing the Technical Proposal, Consultants must give particular attention to the following:  |

(a) If a shortlisted Consultant considers that it may enhance its expertise for the assignment by associating with other Consultants in a joint venture or sub-consultancy, it may associate with either (a) non-shortlisted Consultant(s), or (b) shortlisted Consultants if so indicated in the Data Sheet. A shortlisted Consultant must first obtain the approval of the Centre if it wishes to enter into a joint venture with non-shortlisted or shortlisted Consultant(s). In case of association with non-shortlisted Consultant(s), the shortlisted Consultant shall act as association leader. In case of a joint venture, all partners shall be jointly and severally liable and shall indicate who will act as the leader of the joint venture.

(b) The estimated number of Professional staff-months or the budget for executing the assignment shall be shown in the Data Sheet, but not both. However, the Proposal shall be based on the number of Professional staff-months or budget estimated by the Consultants.

For fixed-budget-based assignments, the available budget is given in the Data Sheet, and the Financial Proposal shall not exceed this budget, while the estimated number of Professional staff-months shall not be disclosed.

(c) Alternative professional staff shall not be proposed, and only one curriculum vitae (CV) may be submitted for each position.

**Language**

(d) Documents to be issued by the Consultants as part of this assignment must be in the language(s) specified in the Reference Paragraph 3.1 of the Data Sheet. If Reference Paragraph 3.1 indicates two languages, the language in which the proposal of the successful Consultant will be submitted shall govern for the purpose of interpretation. It is desirable that the firm's Personnel have a working knowledge of the Centre's national language.

**Technical Proposal Format and Content**

3.4 Consultants are required to submit a Simplified Technical Proposal (STP). Submission of the wrong type of Technical Proposal will result in the Proposal being deemed non-responsive. The Technical Proposal shall provide the information indicated in the following paragraphs from (a) to (f) using the attached Standard Forms (Section 3). Paragraph

(b) (ii) indicates the recommended number of pages for the description of the approach, methodology and work plan of the STP. A page is considered to be one printed side of A4 or letter size paper.

(a) (i) For the STP all comments and suggestions, if any, should be incorporated into the description of the approach and methodology (refer to following subparagraph 3.4 (b) (ii)).

(b) (i) For the FTP, and STP: a description of the approach, methodology and work plan for performing the assignment covering the following subjects: technical approach and methodology, work plan, and organization and staffing schedule. Guidance on the content of this section of the Technical Proposals is provided under Form TECH-4 of Section 3. The work plan should be consistent with the Work Schedule (Form TECH-8 of Section 3) which will show in the form of a bar chart the timing proposed for each activity.

(ii) For the STP only: the description of the approach, methodology and work plan should normally consist of 10 pages, including charts, diagrams, and comments and suggestions, if any, on Terms of Reference and counterpart staff and facilities.

(c) The list of the proposed Professional staff team by area of expertise, the position that would be assigned to each staff team member, and their tasks (Form TECH-5 of Section 3).

(d) Estimates of the staff input (staff-months of foreign and local professionals) needed to carry out the assignment (Form TECH-7 of Section 3). The staff-months input should be indicated separately for home office and field activities, and for foreign and local Professional staff.

(e) CVs of the Professional staff signed by the staff themselves or by the authorized representative of the Professional Staff (Form TECH-6 of Section 3).

(f) For the FTP only: a detailed description of the proposed methodology and staffing for training, if the Data Sheet specifies training as a specific component of the assignment.

- 3.5 The Technical Proposal shall not include any financial information. A Technical Proposal containing financial information may be declared non responsive.
- Financial Proposals**
- 3.6 The Financial Proposal shall be prepared using the attached Standard Forms (Section 4). It shall list all costs associated with the assignment, including (a) remuneration for staff (foreign and local, in the field and at the Consultants' home office), and (b) reimbursable expenses indicated in the Data Sheet. If appropriate, these costs should be broken down by activity and, if appropriate, into foreign and local expenditures. All activities and items described in the Technical Proposal must be priced separately; activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items.
- Taxes**
- 3.7 The Consultant may be subject to local taxes (such as: value added or sales tax, social charges or income taxes on non resident Foreign Personnel, duties, fees, levies) on amounts payable by the Centre under the Contract. The Centre will state in the Data Sheet if the Consultant is subject to payment of any local taxes. Any such amounts shall not be included in the Financial Proposal as they will not be evaluated, but they will be discussed at contract negotiations, and applicable amounts will be included in the Contract.
- 3.8 Consultants may express the price of their services in a maximum of three freely convertible currencies, singly or in combination. The Centre may require Consultants to state the portion of their price representing local cost in the national currency if so indicated in the Data Sheet.
- 3.9 Commissions and gratuities, if any, paid or to be paid by Consultants and related to the assignment will be listed in the Financial Proposal Form FIN-1 of Section 4.
- 4. Submission, Receipt, and Opening of Proposals**
- 4.1 The original proposal (Technical Proposal and, if required, Financial Proposal; see paragraph 1.2) shall contain no interlineations or overwriting, except as necessary to correct errors made by the Consultants themselves. The person who signed the proposal must initial such corrections. Submission letters for both Technical and Financial Proposals should respectively be in the format of TECH-1 of Section 3, and FIN-1 of Section 4.
- 4.2 An authorized representative of the Consultants shall initial all pages of the original Technical and Financial Proposals. The

authorization shall be in the form of a written power of attorney accompanying the Proposal or in any other form demonstrating that the representative has been duly authorized to sign. The signed Technical and Financial Proposals shall be marked “ORIGINAL”.

- 4.3 The Technical Proposal shall be marked “ORIGINAL” or “COPY” as appropriate. The Technical Proposals shall be sent to the addresses referred to in para. 4.5 and in the number of copies indicated in the Data Sheet. All required copies of the Technical Proposal are to be made from the original. If there are discrepancies between the original and the copies of the Technical Proposal, the original governs.
- 4.4 The original and all copies of the Technical AND Financial Proposal shall be placed in a sealed envelope clearly marked “TECHNICAL PROPOSAL” Similarly, the original Financial Proposal (if required under the selection method indicated in the Data Sheet) shall be placed in a sealed envelope clearly marked “FINANCIAL PROPOSAL” followed by the number and the name of the assignment, and with a warning “**DO NOT OPEN WITH THE TECHNICAL PROPOSAL.**” The envelopes containing the Technical and Financial Proposals shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address, reference number and title of the Loan, and be clearly marked “**DO NOT OPEN, EXCEPT IN PRESENCE OF THE OFFICIAL APPOINTED, BEFORE the date specified in the Instruction to Consultants.**” The Centre shall not be responsible for misplacement, losing or premature opening if the outer envelope is not sealed and/or marked as stipulated. This circumstance may be cause for Proposal rejection. If the Financial Proposal is not submitted in a separate sealed envelope duly marked as indicated above, this will constitute grounds for declaring the Proposal non-responsive.
- 4.5 The Proposals must be sent to the address/addresses indicated in the Data Sheet and received by the Centre no later than the time and the date indicated in the Data Sheet, or any extension to this date in accordance with paragraph 2.2. Any proposal received by the Centre after the deadline for submission shall be returned unopened.
- 4.6 The Centre shall open the Technical Proposal immediately after the deadline for their submission. The envelopes with the Financial Proposal shall remain sealed and securely stored.

**5. Proposal  
Evaluation**

5.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultants should not contact the Centre on any matter related to its Technical and/or Financial Proposal. Any effort by Consultants to influence the Centre in the examination, evaluation, ranking of Proposals, and recommendation for award of Contract may result in the rejection of the Consultants' Proposal.

Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded.

**Evaluation of  
Technical  
Proposals**

5.2 The evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, sub-criteria, and point system specified in the Data Sheet. Each responsive Proposal will be given a technical score (St). A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP, and particularly the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Data Sheet.

**Public Opening  
and Evaluation  
of Financial  
Proposals  
(Least Cost  
Selection LCS)**

- 5.3 After the technical evaluation is completed the Centre shall inform the Consultants who have submitted proposals the technical scores obtained by their Technical Proposals, and shall notify those Consultants whose Proposals did not meet the minimum qualifying mark or were considered non responsive to the RFP and TOR, that their Financial Proposals will be returned unopened after completing the selection process. The Centre shall simultaneously notify in writing Consultants that have secured the minimum qualifying mark, the date, time and location for opening the Financial Proposals. The opening date should allow Consultants sufficient time to make arrangements for attending the opening. Consultants' attendance at the opening of Financial Proposals is optional.
- 5.4 Financial Proposals shall be opened publicly in the presence of the Consultants' representatives who choose to attend. The names of the Consultants, and the technical scores of the Consultants shall be read aloud. The Financial Proposal of the Consultants who met the minimum qualifying mark will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Copy of the record shall be sent to all Consultants and the Bank.
- 5.5 The Evaluation Committee will correct any computational errors. When correcting computational errors, in case of discrepancy between a partial amount and the total amount, or between word and figures the formers will prevail. In addition to the above corrections, as indicated under paragraph 3.6, activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items. In case an activity or line item is quantified in the Financial Proposal differently from the Technical Proposal, (i) if the Time-Based form of contract has been included in the RFP, the Evaluation Committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity and correct the total Proposal cost, (ii) if the Lump-Sum form of contract has been included in the RFP, no corrections are applied to the Financial Proposal in this respect. Prices shall be converted to a single currency using the selling rates of exchange, source and date indicated in the Data Sheet.
- 5.6 In the case of Least-Cost Selection (LCS), the Client will select the Consultant with the lowest evaluated total price among

those consultants that achieved the minimum technical score, and invite such Consultant to negotiate the Contract.

**6. Negotiations**

6.1 Negotiations will be held at the date and address indicated in the Data Sheet. The invited Consultant will, as a pre-requisite for attendance at the negotiations, confirm availability of all Professional staff. Failure in satisfying such requirements may result in the Centre proceeding to negotiate with the next-ranked Consultant. Representatives conducting negotiations on behalf of the Consultant must have written authority to negotiate and conclude a Contract.

**Technical negotiations**

6.2 Negotiations will include a discussion of the Technical Proposal, the proposed technical approach and methodology, work plan, and organization and staffing, and any suggestions made by the Consultant to improve the Terms of Reference. The Centre and the Consultants will finalize the Terms of Reference, staffing schedule, work schedule, logistics, and reporting. These documents will then be incorporated in the Contract as “Description of Services”. Special attention will be paid to clearly defining the inputs and facilities required from the Centre to ensure satisfactory implementation of the assignment. The Centre shall prepare minutes of negotiations which will be signed by the Centre and the Consultant.

**Financial negotiations**

6.3 If applicable, it is the responsibility of the Consultant, before starting financial negotiations, to contact the local tax authorities to determine the local tax amount to be paid by the Consultant under the Contract. The financial negotiations will include a clarification (if any) of the firm’s tax liability in the Centre’s country, and the manner in which it will be reflected in the Contract; and will reflect the agreed technical modifications in the cost of the services. In the cases of QCBS, Fixed-Budget Selection, and the Least-Cost Selection methods, unless there are exceptional reasons, the financial negotiations will involve neither the remuneration rates for staff nor other proposed unit rates. For other methods, Consultants will provide the Centre with the information on remuneration rates described in the Appendix attached to Section 4 - Financial Proposal - Standard Forms of this RFP.

**Availability of Professional staff/experts**

6.4 Having selected the Consultant on the basis of, among other things, an evaluation of proposed Professional staff, the Centre expects to negotiate a Contract on the basis of the Professional staff named in the Proposal. Before contract negotiations, the Centre will require assurances that the Professional staff will be actually available. The Centre will not consider substitutions

during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that Professional staff were offered in the proposal without confirming their availability, the Consultant may be disqualified. Any proposed substitute shall have equivalent or better qualifications and experience than the original candidate and be submitted by the Consultant within the period of time specified in the letter of invitation to negotiate.

- |                                       |     |  |
|---------------------------------------|-----|--|
| <b>Conclusion of the negotiations</b> | 6.5 | Negotiations will conclude with a review of the draft Contract. To complete negotiations the Centre and the Consultant will initial the agreed Contract. If negotiations fail, the Centre will invite the Consultant whose Proposal received the second highest score to negotiate a Contract.   |
| <b>7. Award of Contract</b>           | 7.1 | After completing negotiations the Centre shall award the Contract to the selected Consultant, and promptly notify all Consultants who have submitted proposals. After Contract signature, the Centre shall return the unopened Financial Proposals to the unsuccessful Consultants.  |
|                                       | 7.2 | The Consultant is expected to commence the assignment on the date and at the location specified in the Data Sheet.   |
| <b>8. ### 1. BACKGROUND

The Green Climate Fund (GCF) is a multilateral financing mechanism established to support climate action in the Caribbean and by extension in developing countries. The Green Climate Fund (GCF), in fulfilling its mandate, responds to climate change through strategic investments actions that will result in low-emission and climate resilient development. These strategic investments will limit or reduce greenhouse gas (GHG) emission in developing countries, and help vulnerable societies adapt to the unavoidable impacts of climate change. The GCF has made available several windows for financing and technical support for a programmatic approach to engage the GCF for the implementation of climate actions.

The National Designated Authority (NDA) of Belize to the GCF, which is the Ministry of Economic Development and Petroleum (MEDP), applied to the GCF for Readiness and Preparatory Support. This Readiness and Preparatory Support Project is the second for Belize, titled, “Building Capacity for Direct Access to Climate Finance (Readiness II)” and complements the previously approved and implemented Readiness and Preparatory Funding Support project received by Belize from the GCF. Both projects support efforts to strengthen the NDA’s coordinating mechanism including the non-objection procedure and associated platforms. Building on the previous readiness project, Readiness II also seeks to strengthen the country’s capacity to access, manage, disburse and monitor financing for the purpose of fulfilling the country programme and build Belize’s climate resilience, including enhancing the capacity of national entities to access climate finance via the GCF. Furthermore, this project will contribute towards fulfilling Belize’s climate change (adaptation and mitigation) goals and commitments as outlined in its National Determined Contribution (NDC), the National Climate Change Policy, Strategy and Action Plan

(NCCPSAP), the National Adaptation Strategy (Agriculture sector) and the Low Carbon Development Roadmap (LCD) and Growth and Sustainable Development Strategy (GSDS) by strengthening the capacities of the NDA, BSIF and PACT. Actions under this project are expected to reduce Belize's level of vulnerability and enhance the country's adaptive capacity by making advancements both directly or indirectly on the areas of capacity building, financial resources, data, knowledge and awareness, and climate change finance mobility.

The Caribbean Community Climate Change Centre (CCCCC), which has the mandate to coordinate the Caribbean Region's response to climate change and is accredited to the GCF, is the delivery partner for Readiness II. In collaboration with the NDA of Belize, the CCCCC will execute the activities as set out in the Readiness Proposal approved by the GCF. CCCCC will be responsible for the overall execution of the project and for the timely achievement of project results set out in the proposal and guidance by the terms set out in the CCCCC's Framework Agreement with the GCF. This includes the recruitment and selection of consultants, provide financial and technical oversight services for the outcomes and outputs, project monitoring, reporting and evaluation. CCCCC also has the responsibility for fiduciary management and delivery of the readiness funding, and supports the NDA to implement the project, and identify, recruit and manage technical experts required for the implementation of this Readiness Project.

In this context, CCCCC is looking for a Consultancy Firm, to work in collaboration with the NDA to implement this GCF Project. In accordance with GCF priorities, this consultancy is scheduled to fulfil deliverables for 2 project outcomes and their respective sub-outcomes. The consultancy will be responsible to contribute towards achieving Outcome 1, *Institutional Capacity and coordination mechanism strengthened to govern and coordinate climate finance*, and Sub-Outcome 1.2, *Monitoring and verification systems for climate finance flows*. Furthermore, it is expected that this consultancy will contribute towards accomplishing Outcome 2, *Country programming process*, Sub-Outcome 2.1, *Stakeholder engaged in a consultative process*, and Sub-Outcome 2.4, *Gender issues considered in climate finance programming*. The Consultancy Firm will work closely with the CCCCC Project Manager, the NDA, national institutions and other relevant stakeholders to fulfil the requirements of this consultancy.

## **2. SPECIFIC OBJECTIVE**

This consultancy seeks to contribute towards strengthening the NDA's institutional capacity and coordinating mechanism, enhance the country programming process and increase direct access to climate finance for Belize. The objective of this consultancy is to provide support to the NDA by accomplishing Outcome 1 and Sub-Outcome 1.2, and Outcome 2 and Sub-Outcome 2.1 & 2.4 of the Readiness Project, titled "Building Capacity for Direct Access to Climate Finance (Readiness II)".

### **3. SCOPE OF WORK**

The Consulting Firm will execute several activities that contribute towards enhancing Belize's capacity to effectively mobilize, manage and monitor climate finance in an effort to achieve the goals and objectives outlined in national strategies and actions plans. Specific activities include: Capacity building of sub-committee members on GCF project requirements, a standardized process of updating Belize's Country Programme and an updated Country Programme, Gender assessment and gender capacity building to inform the development of GCF proposals, a GCF Entity Work Programme and Stakeholder Mobilization Action Plan for PACT. In carrying out this assignment, the Consulting Firm is required to employ a collaborative approach and close engagement with National Authorities, Stakeholders and their focal points on Climate Change in ensuring that the deliverables are consistent with National Standards and National Protocols.

The Consulting Firm will:

- Produce an Inception Report that includes a detailed work plan for the execution of the assignment
- Deliver two (2) 2-day training to strengthen the capacity of the Finance sub-committees under the Belize National Climate Change Committee (BNCCC) to review projects submitted to the office of the NDA.
- Deliver Two (2) training to national structured dialogues between NDA, nominated entities, the GCF Secretariat, private and public sector, stakeholders and NGOs to identifying project ideas for various sectors and align national strategies, work programmes and national priorities with the country programme to develop a standardize process for the review of the country programme and to update the country programme.
- Conduct a gender assessment (based on the "guideline for gender equality" developed under the previous Readiness project) to effectively integrate gender criteria and indicators to inform the development and prioritization of GCF proposals to be developed by Government departments, private sector, Non-Governmental Organizations and Community-Based Organizations.
- Deliver one (1) training to incorporate gender considerations into project development.

### **4. DELIVERABLES**

1. Inception report and detailed work plan.
2. Two (2) 2-day training sessions (inclusive of workshop materials and report) to build the capacity of sub-committee members on GCF project requirements (i.e., climate rational, investment criteria, theory of change, paradigm shift etc.) and other project review parameters.

3. Two (2) national structured dialogue events (inclusive of workshop materials and report).
4. Standardise process for the review of the country programme developed.
5. Updated Country programme.
6. Gender assessment with an agreed gender criterion, indicators and review manual to inform the development and prioritisation of GCF proposals.
7. One (1) training session for representatives of selected organizations on incorporating gender consideration into project development.

## **5. REPORTING**

The Consultancy Firm will report to the Project Development and Management Unit (PDMU), CCCCC and will work in close coordination and collaboration with the NDA and Project's National Coordinator.

## **6. LOCATION AND DURATION OF ASSIGNMENT**

This project will be spread over a period of 12 months from **October \_\_ 2019 to December \_\_ 2020**. Time can be spread between home based and in Belize. Note at least 60% of the contracted days may be required in Belize.

## **7. MANAGEMENT ARRANGEMENT**

The consultancy is commissioned by the CCCCC. The Consultancy Firm will report to CCCCC for contractual and administrative purposes. Members of the project core team from the Ministry of Economic Development and Petroleum (MEDP) will provide additional technical advice and inputs, overall coordination and oversight for this consultancy. The Consulting Firm will liaise with everyone from the project core team but will ultimately report to the CCCCC.

## **8. PAYMENT SCHEDULE**

Payment arrangement can be stated in the following way: payment will be made in four (4) instalments as shown in table1: (i) 12% after contract signature and delivery of inception report and detailed work plan (deliverable 1); (ii) 26% at the completion of two (2) 2-day training sessions to build the capacity of sub-committee members on GCF project requirements (deliverable 2); (iii) 25% at the completion and of all the country programming deliverables (Deliverables 3-5); (iv) 37% at the completion and delivery of all gender deliverables (Deliverables 6 and 7).
