Link to Bidding Documents	Invitation to Tender – Supply of Groundwater Quality Monitoring Equipment, St Kitts & Nevis – Caribbean Community Climate Change Centre (CCCCC) (caribbeanclimate.bz)

Issue Date: April 21st 2022

Clarification Requested	Response
<p>1. The technical specifications don't mention software. Does St. Kitts currently have a data center where they plan to intake the GPRS/GSM transmissions for the 33 sites. If so, can you please specify the software program that is available locally. If there is no software currently available, is the end user interested in receiving data management software along with the stations? If so, will the end user prefer an on-site software solution or a cloud-based solution?</p>	<p>While no software is required, the data outputs should be compatible with the Dewetra platform which is utilized for regional Hydro-Met data analysis.</p>
<p>2. Form of Bid-Securing Declaration</p> <p>We accept that we will automatically be suspended from being eligible for Bidding in any contract with the Recipient for the period of time of <i>[insert number of months or years]</i> starting on <i>[insert date]</i>, if we are in breach of our obligation(s) under the Bid conditions, because we:...</p>	<p>The period of suspension shall be 5 years starting on the date of breach.</p>

Clarification Requested	Response
What is the period of suspension and what is the starting date.
